ABOUT GARBAGE COMPACTORS & TRASH DISPOSALS

KitchenAid offers a variety of garbage compactors and trash disposals, as well as accessories, to help you take care of food waste. Garbage compactors are great for kitchens of any size, as they eliminate the need for a traditional larger trash can and can help reduce trash volume. Choose a food waste disposer, also known as a trash disposal, to quickly break down and rid your kitchen of food waste.

TRASH COMPACTOR ACCESSORIES

When buying a new trash compactor, you'll need a few accessories to help make your trash compacting go smoothly. KitchenAid offers trash compactor bags that increase tear resistance and fit the make and model of KitchenAid® trash compactors. Use a Sink and Disposer Stopper to keep water from exiting the sink or to keep unwanted items out of the trash disposal. Check out even more trash compactor installation accessories to keep your trash compactor running smoothly.

1-Horsepower Batch Feed Food Waste Disposer

Model: KBDS100T

Key Features

- 1725 RPMs
- Batch Feed
- MultiGrind Plus™ Technology
- SoundSeal™ Plus Technology

Product Description

1-Horsepower Batch Feed Food Waste Disposer

A 1 HP motor allows this batch feed disposer to power through your toughest disposing challenges. The three-stage grinding technology combines with premium sound reduction features to help you quietly and efficiently reduce waste volume.

What's in the box

SoundSeal™ Plus Technology

- Makes these disposers exceptionally quiet even when grinding hard or stringy foods. The technology helps reduce noise levels by up to 60% compared to other standard disposers.

1725 RPMs

Every KitchenAid disposer features a motor that rotates at 1725 RPM for effective grinding. Additional features include overload protection with a manual reset.

Batch Feed

Lets you effectively manage large quantities. The design adds a measure of safety because it has a cover that must be locked in place before the disposer will run.

MultiGrind Plus™ Technology

Features three-stage grinding that makes this disposer an ideal solution for stringy foods such as corn husks and celery. A sensor helps break through tough jams before a problem occurs.

SoundSeal™ Plus Technology

Makes these disposers exceptionally quiet even when grinding hard or stringy foods. The technology helps reduce noise levels by up to 60% compared to other standard disposers.

Electrical: This disposer is intended to be direct-wired to the electrical supply. If a junction box is used, connect the junction box to the switch on a separate 15- or 20-amp 115 Volt circuit with the appropriate cable. (Use 14 gauge wire with 15-amp circuit, and 12 gauge wire with 20-amp circuit.) This disposer requires a switch marked "Off" position (wired to disconnect all ungrounded supply conductors) installed within sight of the disposer sink opening. (1 hp minimum rating.)

- Continuous Feed
- MultiGrind® Technology
- SoundSeal™ Technology

3/4-Horsepower Continuous Feed Food Waste Disposer

Give yourself a powerful solution to everyday disposing challenges. This 40-ounce food waste disposer has a 3/4 HP motor that rotates at 1725 RPMs for efficient performance. Two-stage grinding and sound insulation help enhance the performance.

What's in the box

SoundSeal™ Technology

- Helps you maintain a quiet kitchen environment by combining four sound-reducing components to make this disposer 40% quieter than a standard disposer.
